

CHAPTER 16

HOUSING REHABILITATION

I. INTRODUCTION.

Housing rehabilitation is the most frequently funded activity in the State CDBG program. This chapter includes some additional information and sample documents necessary for you to implement a successful program.

II. GRANTEE RESPONSIBILITIES

You are responsible for meeting all the terms of your contract including complying with applicable environmental and labor standards requirements, relocation laws, and preparing rent and program guidelines (see Chapter 2 for contract requirements). In addition, to implement a successful program, you must document your rehabilitation projects, and know the policies and procedures for special issues such as the reconstruction of dwelling units.

The topics covered in this section include:

- A. Program guidelines
- B. Project documentation
 - 1. Work write-ups and specifications
 - 2. Homeowner/contractor contracts
 - 3. Lead-based paint requirements
- C. Calculation of household income
- D. Lump-sum drawdowns
- E. Persons on title
- F. Mobilehome rehabilitation and reconstruction
- G. Reconstruction
 - 1. Department's policy
 - 2. Request for reconstruction
 - 3. Building plans

A. Program guidelines

Within 90 days of your contract effective date you must submit a copy of your proposed program guidelines to the Department for review and approval. The guidelines should be a comprehensive and clearly written statement of your loan underwriting policies and procedures for owner-occupied and renter-occupied dwellings, including a discussion of the following topics:

- Determining applicant and resident eligibility;
- Rehabilitation standard(s) to be used;
- Maximum loan amounts available to owner -occupants and owner -investors;
- Loan terms, loan -to-value ratios, debt-to-income ratios, allowed adjustments to applicants' income, and repayment plans;
- Remedying loan defaults and delinquencies up to and including foreclosure;
- Change of occupancy from owner -investor to owner-occupant or vice versa, sale or transfer of property or change of use of the property;
- Grantee's role in contracting
- Resolution of grievances between homeowners and contractors, both during and after completion of construction;
- Owner-builder (self-help) rehabilitation;
- Lead-based paint notification, inspection, and abatement procedures for pre -1978 housing;
- Owner-occupant temporary relocation assistance;
- Affordable rent provisions for owner -investor properties; and
- Listing of ineligible property improvements.

B. Project documentation

You need to document the condition of the property and the work you propose to do before you rehabilitate it. You also should have a good boilerplate contract for homeowners to use in contracting for the work. You must document compliance with lead-based paint requirements.

1. Work write-ups and specifications. No rehabilitation work should be done without initial inspection forms, work write -ups and specifications and, where necessary, drawings to further define the scope of the work. Work write -ups and specifications must be as precise as possible so that everyone concerned, including the homeowner, will know what is to be included in the job, and you can obtain an accurate cost estimate for the work to be done. Since most work write-ups are incorporated into the construction contract, they should also be detailed enough for use in the preparation of change orders.
2. Homeowner/contractor contracts. For consistency and ease of your monitoring of program requirements, we recommend you encourage use of a standard contract for all homeowner/contractor contracts.
3. Lead-Based Paint. 24 CFR 570.608 applies whenever pre -1978 houses are rehabilitated under CDBG. Regulations address requirements related to notification and to elimination of lead -based paint hazards. Requirements are summarized below; however, please refer to the regulations for more detail.

Notification: Owner-occupants and tenants residing in units to be rehabilitated with CDBG funds must be notified:

- That the property may contain lead -based paint;
- Of the hazards of lead -based paint;
- Of the symptoms and treatment of lead -based poisoning;
- Of the advisability and availability of blood lead level screening for children under seven years of age; and
- That in the event lead-based paint is found on the property, appropriate abatement procedures may be undertaken.

Grantees may use either:

- The notification pamphlet, “*Lead-Based Paint: A Threat to Your Children*” issued by HUD in January 1993; or
- The new pamphlet issued by the Environmental Protection Agency, the Consumer Product Safety Commission and HUD in May 1995, entitled “*Protect Your Family From Lead in Your Home*”. Copies suitable for reproduction may be obtained from the National Lead Information Clearinghouse at 1-800-424-LEAD or can download the pamphlet on HUD’s Lead Office home page at **<http://www.hud.gov/lea/leahome.html>**

Elimination of Lead-Based Paint Hazards: The grantee should inspect for defective paint surfaces in all units constructed prior to 1978 which are occupied by families with children under seven years of age and defective

paint surfaces should be included in the work write -up. Where defective paint surfaces are found, treatment must be provided. Abatement methods are described in 24 CFR 35.24(b)(2)(ii). Special rules for testing and abatement apply to units occupied by households with a child under seven years of age with an identified elevated blood level.

C. Calculation of household income

When determining whether a loan applicant is income qualified for the CDBG program, the grantee must verify the income of all persons in the household. A household is defined as all persons who occupy the housing unit as a place of residence. Therefore, persons who reside in the unit, whether or not they are related, must have their income verified and the household income cannot exceed CDBG income limits (see Appendix D).

For consistency in calculating household incomes, we recommend you use the most current income limits available when determining household income. The CDBG income limits are updated annually.

D. Lump-sum drawdowns

Federal regulations, 24 CFR 570.513, allow grantees to obtain funds for a Housing Rehabilitation activity by means of a lump -sum drawdown payment option. See “Supporting Materials” at the end of this chapter for a copy of these regulations.

What it is:

- A lump-sum deposit of CDBG funds into a local financial institution
- A rehabilitation fund for targeted income households

Why it is useful:

- Assures ready cash flow to make loans and pay contractors
- Reduces cash request paperwork
- Prompt payment flexibility improves program credibility with area contractors
- Encourages participation by local financial institutions in community improvement efforts

How it works:

- The grantee must execute a Lump -sum Drawdown Agreement with a participating financial institution. The term of the agreement cannot exceed two years. See “Supporting Materials” at the end of this chapter for a sample agreement.
- The participating financial institution has to make one or more concessions, as required by the Federal Regulations (see below). In addition, the funds must be deposited into an interest -bearing account.
- CDBG staff must review and approve the Agreement prior to its execution by the grantee and financial institution.
- Any loan repayments made on loans originated with the lump -sum funds can remain in the lump -sum account as Program Income during the term of the agreement and can be re -used only for additional loans. Repayments made after the state contract terminates are considered regular Program Income for the jurisdiction and are subject to the jurisdiction’s Program Income Re -Use Plan.

Limitations

- Neither the grantee’s nor the lender’s administrative costs can be funded through the lump-sum drawdown.
- The amount of the drawdown may not exceed what is reasonably expected to be needed during the term of the agreement.
- The lump-sum drawdown must be taken all at once to equal the amount stipulated in the Lump -sum Drawdown Agreement.
- If a grantee wants multiple payments, it may do so, but it will have to execute separate Lump -sum Drawdown Agreements for each specific dollar amount. These multiple agreements need not be with the same financial institution.
- If the financial institution makes a commitment of bank funds as its benefit contribution, these bank funds must be used to assist only households who are participating in the local jurisdiction’s CDBG - funded housing rehabilitation program.

What is required from the financial institution (per Federal Regulations):

- Interest-bearing account; and
- At least one of the three following benefits:
 - Additional bank funds in excess of the lump sum drawdown deposit;
 - Private funds at below -market interest rates, at higher than normal risk, or longer than normal repayment periods;
 - Administrative services in support of the rehabilitation program at no cost or at a lower cost than normally charged.

What the lump-sum drawdown agreement has to include:

- Obligations and responsibilities of the grantee and financial institution
- Terms and conditions for deposit and use of CDBG funds
- Statement of financial institution's benefit contribution (if interest rate concession, provide information on rate structure)
- Interest rate to be paid on the lump -sum deposit (no more than three points below the rate on 1 -year Treasury obligations at constant maturity; see the Federal Regulations 570.513 (b)(9)(i), (A -C) for detail on allowable interest rates
- Reference to Federal regulations
- Stipulation of 45-day time period for commitment of first loan
- Stipulation re: substantial expenditure of funds within 180 days
- Other terms as needed to assure compliance with Federal regulations

Program Requirements:

- Cash requests

A lump-sum of funds may be requested only for the loan pool portion of the CDBG housing rehabilitation grant. The general administration and activity delivery costs must be requested by means of either the advance or reimbursement cash request option (see Chapter 9, Cash Requests, for more

CDBGMM.9/99

information).

- Reporting requirements

Grantees who select the lump-sum option must prepare and submit periodic Lump-sum Drawdown Reports and must report on the financial institution's progress in meeting its benefit commitment on the semi-annual Program Activity Report (see Chapter 10, Reporting, for more information). Department staff will review these reports to assure that the grantee is complying with the federal regulations.

- Performance requirements
 - the first loan has to be approved within 45 days of deposit
 - a substantial percentage of funds must be disbursed within 180 days of deposit; the percentage amount depends on the term of the agreement:

Substantial Disbursement	
Term of Agreement	% of Funds to be Disbursed
1 Year	50 percent
18 Months	38 percent
2 Years	25 percent

- Failure to meet the federal rules regarding financial institution benefit requirements and loan disbursement rates may result in termination of the Lump-sum Drawdown agreement. In the event the Department terminates the agreement, the grantee will have to return any unused lump-sum funds and convert its cash request option to either advance or reimbursement for the balance of the state contract term.

Technical Assistance

Grantees who are considering using the lump-sum drawdown should contact their CDBG Representative for consultation prior to entering into any agreement with a financial institution.

E. Persons on title.

CDBG program policy will allow non-TIG persons who do not reside on the property on title providing the following criteria are met:

1. Adequate mechanisms are developed and in place to ensure that the loan is due and payable, or converted to a market rate loan or rented under a recorded rent limitation agreement when the income eligible owner is no longer occupying the unit.
2. A mechanism is developed to monitor the unit at least biennially to identify any change in occupancy and/or use.
3. Guidelines describing the policy and the mechanisms are included in the program guidelines.

F. Mobilehome rehabilitation

CDBG funds may be used for the rehabilitation of a mobilehome. An alternative to actual rehabilitation of a mobilehome is to replace the unit with a used mobilehome. To be considered eligible for rehabilitation costs, the used mobilehome must have been occupied and not used as a demonstration model.

Should the residential dwelling or existing mobilehome that is being considered for rehabilitation meet the criteria for reconstruction discussed in G., below, a new mobilehome can be used for replacement. All costs associated with the purchase and transportation can be added to the applicant's loan.

G. Reconstruction

Changes in federal law and policies allow the use of CDBG funds to demolish and reconstruct TIG-owned and occupied residential structures. Re construction is defined as the demolition and construction of a structure. States may establish guidelines for authorizing reconstruction, provided the guidelines are consistent with federal standards. The Department will apply the criteria and standards described below when evaluating requests to reconstruct existing residential structures.

Definition. A "dwelling" means a structure or unit within a structure with cooking, eating, sleeping, and sanitation facilities which has been legally occupied as a residence within the preceding 12 months.]

1. Department's policy. The reconstruction of existing TIG -owned and occupied residential structures may be authorized when:
 - a. The dwelling is considered unsuitable for rehabilitation when the dollar amount of code work exceeds the current appraised value of the occupied dwelling including the value of the land;
 - b. The estimated cost of the reconstruction, including demolition and site preparation, is less than the fair market value of the reconstructed

housing;

- c. The dwelling unit is in such disrepair that removing and rebuilding the unit is less costly than rehabilitating it.
- d. Relocation benefits have been planned for and budgeted in cases requiring temporary relocation; and
- e. Reconstruction of a unit is categorically excluded from the National Environmental Policy Act (NEPA, see Chapter 3) if the project is four or fewer units per NEPA 58.35(a)(7).
- f. No reconstruction of rental properties.
- g. Reconstruction may be approved for up to an additional 100 sq. feet.

2. The request for reconstruction of TIG-owned and occupied residential structures should be completed using the form in Section VI and must include the following:

- a. Name(s) of legal property owner(s) and the address of the property;
- b. Appraisal (including the after reconstruction value including land and at least one comparable sale) prepared by an appraiser. The cost of such appraisal may be either added to the loan or charged to activity delivery;
- c. The sales price of at least one comparable newly constructed home (including land) sold within the preceding 12 months within the jurisdiction. If there are no newly constructed homes in the jurisdiction, contact your CDBG representative for guidance;
- d. A staff cost estimate for 1) reconstruction and 2) rehabilitation using comparable materials and workmanship;
- e. Certification by the jurisdiction that a TIG household owns the structure and that a TIG household will reside in the reconstructed dwelling after completion; and
- f. Certification that the locality will maintain proof that the dwelling has been occupied during the preceding 12 months, unless the dwelling was ordered vacated by the order of the local building officials within the last six months. Utility bills will be used as proof of occupancy.

3. Building plans for reconstruction should meet new construction building and

zoning standards for room size, setbacks, and off -street parking areas. As a general rule, CDBG funds may not be used to construct or replace gar a ges or other outbuildings.

III. COMMON PROBLEMS

- Incomplete loan/grant files
- Eligibility of applicants/recipients has not been adequately verified
- Rehabilitation work done outside the target area without the prior written approval of the Department
- Reconstruction of homes without the prior written approval of the Department
- No procedures in place for monitoring sweat equity projects including time frames for work, hazard insurance, and standards for workmanship and materials
- Failure to follow Davis-Bacon labor standards and procedures for rehabilitation projects that invoke prevailing wages

IV. DEPARTMENT'S ROLE

CDBG staff will conduct at least one monitoring of the grantee's rehabilitation program during the life of the grant. In addition to the monitoring, staff will be available to assist in solving any program problems as they occur.

Staff will also monitor the Semi-Annual Program Activity Reports and the annual Grantee Performance Reports to ensure that grantees are satisfying their contractual obligations.

TEST FOR RECONSTRUCTION

Jurisdiction _____ CDBG Rep _____
Contract # _____ Date _____
Property Address _____

Yes No

☐ ☐ Does the structure meet the definition of a dwelling? A dwelling must have cooking, eating, sleeping, sanitation facilities and have been legally occupied as a residence.

☐ ☐ Has legal occupancy and residential use been established during the preceding 12 months or was the dwelling ordered vacated by a local official within the last six (6) months?

☐ ☐ Is the cost to reconstruct the dwelling less than the cost of rehabilitating it?

Cost to Rehabilitate the Dwelling = \$ _____
Cost to Reconstruct the Dwelling = \$ _____

☐ ☐ Is the estimated cost to reconstruct (including demolition and site preparation) less than the fair market value of the reconstructed dwelling?

Estimated Fair Market Value of Dwelling Including Land = \$ _____
Cost to Reconstruct the Dwelling = \$ _____

☐ ☐ Is the cost to reconstruct the dwelling less than the cost of a comparable newly constructed dwelling?

Cost to Reconstruct the Dwelling Including Land = \$ _____
Cost of Newly Constructed Dwelling Including Land = \$ _____

Subject: CDBG Grant Agreement # ____ - ____ - ____
Request for Reconstruction

Dear _____ :

The City/County of _____ requests approval to reconstruct the residential dwelling located _____ at: _____ and owned by: _____, the legal owners of record for this property.

Attached please find the following documents and certifications to support this request:

- ☐ Staff Rehabilitation Cost Estimate.
- ☐ Staff Reconstruction Cost Estimate.
- ☐ An Appraisal which shows the Estimated Fair Market Value of the Dwelling after Reconstruction, Including Land.
- ☐ Estimated Value of Comparable New Construction, Including Land.
- ☐ Test for Reconstruction.

I, _____, the official designated for CDBG activities by the governing body for the City/County of _____, certify that the following statements are true and that supporting documentation is on file at _____:

1. Subject dwelling has been occupied during the preceding 12 months or it was ordered vacated by order of the local building official within the last six (6) months.
2. The dwelling to be rehabilitated is located within a defined "neighborhood rehab area" for this jurisdiction.
3. An eligible TIG household will reside in the reconstructed dwelling after completion.
4. An eligible TIG household is the legal owner of the reconstructed dwelling.

LUMP-SUM DRAWDOWN AGREEMENT

Note: This sample has been written up using the benefit contribution of a commitment of financial institution funds. Grantees and financial institutions have the option of two other benefit contributions, as described earlier in this chapter and in the copy of Federal Regulations included in these Supporting Materials.

**LUMP SUM DRAWDOWN AGREEMENT BETWEEN
THE _____ AND _____**
NAME OF JURISDICTION NAME OF FINANCIAL INSTITUTION

THIS AGREEMENT made and entered into this _____ day of _____, 199__, by and between the _____ (City or County) _____ a political subdivision of the State of California hereafter referred to as City/County _____, whose address is _____ and _____ (Financial Institution) _____, hereafter referred to as “BANK”, whose address is _____.

WHEREAS City/County _____, intends to carry out housing rehabilitation throughout the unincorporated areas of City/County _____, and,

WHEREAS City/County _____ seeks financial participation with BANK in making property improvement loans available to eligible property owners in these areas; and,

WHEREAS City/County _____ will make low -interest loans to property owners from the Community Development Block Grant Program funds to make such financing affordable to low-income borrowers; and,

WHEREAS City/County _____ wants to process loans expeditiously and to ensure prompt payments to property owners and contractors;

THEREFORE, be it resolved that City/County _____ and BANK agree to enter into an agreement under the following terms and conditions:

TERMS AND CONDITIONS:

1. City/County _____ will make a drawdown of \$_____ from State of California, Department of Housing and Community Development, Housing and Community Development’s (HCD) Community Development Block Grant (CDBG) program, agreement ____-STBG-_____, for deposit into a Rehabilitation Fund in BANK, under the provisions of Housing and Urban Development (HUD) Regulation for “Lump - sum drawdown for financing of property rehabilitation activities in Section 570.513,

24CFR Part 570 (Exhibit A, attached).

2. BANK agrees to pay interest on the Rehabilitation Fund credited monthly at the current market rate for accounts of this type.
3. Interest earned on the Rehabilitation Fund will go into the Fund to make additional loans to eligible property owners.
4. BANK agrees to commit a minimum of \$_____ for Home Improvement Loans, to eligible and qualified applicants under the CDBG program. \$_____ will be from BANK funds and will be reported as match for the CDBG grant. Loans must be made by _____, 19____.
5. City/County _____ agrees to take responsibility for the administration and implementation of City/County _____ housing rehabilitation program in the manner described in its Program Guidelines (Exhibit B, attached).
- 6
 - a) The Housing Rehabilitation Staff of City/County _____ will process applications, prepare work write-ups, conduct housing inspections during construction, and certify the completion of rehabilitation for each property.
 - b) The Housing Rehabilitation Staff of City/County _____ will coordinate with BANK for withdrawals of funds, process payments to title company and general contractors, et al. in a timely manner to maintain program continuity.
7. BANK agrees to process loan applications in an expeditious manner.
8. BANK retains final responsibility to approve or disapprove each loan application to be made with bank funds. BANK will be lienholder on loans funded through its Home Improvement Loan Fund.
9. City/County _____ retains final responsibility to approve or disapprove each loan application made with Rehabilitation Funds. City/County _____ will be lienholder on loans funded through its Rehabilitation Funds.
10. City/County _____ and BANK agree that BANK shall be first lienholder and City/County _____ shall be second lienholder on loans funded with both Home Improvement Loan Funds and Rehabilitation Funds.
11. BANK agrees to administer the Rehabilitation Fund at no cost to City/County _____.
12. City/County _____ and BANK agree to start using the rehabilitation funds within 45 days of deposit.

CDBGGMM.9/99

13. City/County _____ and BANK agree to expend _____% of the rehabilitation funds within 180 days of deposit.
14. BANK agrees to submit to City/County _____ on a monthly basis a detailed account activity of the Rehabilitation Fund (i.e. account statement); as well as a detailed quarterly account activity of the Bank Home Improvement Loan Fund.

15. **COUNTY/CITY and BANK agree to the following:**

- A. City/County _____ shall have the right to terminate this Agreement by giving written notice to BANK of such termination and specifying the effective date thereof if through any cause, BANK shall fail to fulfill in a timely and proper manner its obligations under this Agreement, including compliance with the approved program and attachments, or BANK violates any of the covenants, agreements or stipulations of this Agreement, or submission by it to City/County _____ of reports that are incorrect or incomplete in any material respect, or ineffective or improper use of funds provided under this Agreement.
- B. If BANK is unable or unwilling to comply with such additional conditions as may be imposed by State or Federal government on the grant or agreement which City/County _____ is performing, the program to which these services are being rendered, BANK shall have the right to terminate this Agreement by giving written notice to City/County _____, signifying the effective date thereof.
- C. In the event of termination, all unobligated CDBG funds in the Rehabilitation fund not encumbered or disbursed will be returned to City/County _____. These funds must be used only for approved activities under the CDBG grant referenced in paragraph 1.
- D. In the event BANK in any way merges, closes, or has change in ownership, BANK shall return to City/County _____, all unencumbered and/or unobligated funds in the Rehabilitation Fund.

15. This agreement commences on the date of execution and concludes on _____, 19____, the expiration date of State of California Grant Agreement No. ____ -STBG- _____. If approved by HCD, this agreement may be extended for an additional period of time. Amendments shall be in writing and signed by both parties.

WHEREFORE, the parties have executed this agreement the date first above written.

SAMPLE HOUSING REHABILITATION PROGRAM GUIDELINES

I. APPLICANT ELIGIBILITY

A. Conflict of Interest

No member of the governing body of the locality and no other official, employee, or agent of the city government who exercises policy, decision -making functions, or responsibilities in connection with the planning and implementation of the program shall directly or indirectly be eligible for this program, unless the application for assistance has been reviewed and approved according to applicable California Department of Housing and Community Development (HCD) guidelines. This ineligibility shall continue for one year after an individual's relationship with the city ends.

A contractor with a vested interest in the property cannot bid on a rehabilitation job. Such a contractor may act as owner/builder, subject to standard construction procedures. (Owner/builders are reimbursed for materials purchased which are verified by invoice/receipt and used on the job. Reimbursement occurs after the installation is verified by the Construction Supervisor to be part of the scope of work. Owner/builders are not reimbursed for labor.)

B. Income

1. Owner Occupant - To be eligible, household income must be equal to, or less than, the applicable HCD income guidelines. Owner will be required to provide income documentation. (See attached Annual Household Income Definition/Income Limits).
2. Owner Investor - There are no restrictions on the income of the owner investor unless the owner investor is a member of the Targeted Income Group (TIG) and is interested in qualifying for a Deferred Payment Loan (see III.B.2.c.).
3. Tenant - If a rental is currently occupied, the tenant's household income must be equal to, or less than, the applicable HCD income guidelines. Tenant will be asked to cooperate by providing income documentation. (See attached Annual Household Income Definition/Income Limits).

C. Occupancy

No unit to be rehabilitated will be eligible if it is currently occupied by an HCD ineligible household. Rental households occupying such units will be allowed to

remain in the units. To prevent owners from evicting ineligible tenants before applying for the program, the owner must certify that no tenant has been forced to move without cause during the previous six months.

D. Fair Housing

This program will be implemented in ways consistent with the city's commitment to Fair Housing. No person shall be excluded from participation in, denied the benefit of, or be subjected to discrimination under any program or activity funded in whole or in part with Community Development Block Grant (CDBG) funds on the basis of his or her religion or religious affiliation, age, race, color, ancestry, national origin, sex, marital status, familial status (children), physical or mental disability, sexual orientation, or other arbitrary cause.

E. Temporary Relocation

1. Tenants will be informed of their eligibility for temporary relocation benefits if occupancy during rehabilitation constitutes a danger to health and safety of tenant or public danger or is otherwise undesirable because of the nature of the project. Relocated tenants will receive increased housing costs, payment for moving and related expenses and appropriate advisory services, as detailed in the City of [XXX]'s "Residential Antidisplacement and Relocation Assistance Plan", attached to these guidelines.
2. Owner occupants are not eligible for temporary relocation benefits, unless health and safety threats are determined to exist by the project coordinator/construction supervisor.

II. **PROPERTY ELIGIBILITY**

A. Location

Units to be rehabilitated must be located within current city limits.

B. Rehabilitation Standards

All repair work will meet Uniform Building Code standards. The priority will be the elimination of health and safety hazards.

C. Property Improvements

All improvements must be physically attached to the property and permanent in nature. General property improvement and luxury items are not permitted.

III. FINANCING

A. Owner Occupant

1. Limits - An eligible owner may qualify for the full cost of the rehabilitation work needed to comply with Uniform Building Code standards. Maximum assistance with CDBG funds is \$ _____. Total indebtedness against property will not exceed 100 percent of after rehabilitation value. Rehabilitation costs for CDBG funded jobs may be supplemented with personal financing or with other loan or grant programs, which are sources of leverage for the city.
2. Types of Financing and Terms
 - a. Deferred Payment Loans (DPL) - Non-interest bearing loan, secured by a deed of trust, with no payback required until the participant sells or transfers title or discontinues residence in the dwelling, unless sold or transferred to a targeted income group household (see IV.A.2). Payments may be made voluntarily on a DPL.
 - b. Grants are limited, with a maximum \$ ____ per household. Total CDBG program funds distributed as grants shall not exceed \$ _____.
2. Determining Eligibility
 - a. Every targeted income group owner occupants who is determined to be eligible for the CDBG program may receive DPL financing.
 - b. A limited number of \$7,500 grants are available as follows:
 - 1) Senior Citizen - at least 62 years old
 - 2) Handicapped - only for handicap modifications to a house with one or more physically handicapped occupants who would function more independently if such modifications were installed.
 - 3) Lowest Targeted Income Group - with gross annual income less than 50 percent of county median income

B. Owner Investor

1. Limits - An owner investor may qualify for the full cost of the rehabilitation

CDBGGMM.9/99

work needed to comply with Uniform Building Code standards. Maximum assistance from CDBG funds is to be determined by the local jurisdiction. Total indebtedness against property will not exceed 100 percent of after rehabilitation value. Rehabilitation costs for CDBG funded jobs may be supplemented with personal financing or with other sources of leverage.

2. Types and Terms of Financing

- a. Amortized loan - Below Market Interest Rate (BMIR) loan at 3 percent interest, secured by a deed of trust and with a maximum term of 15 years.
- b. Combined financing - 50 percent of rehabilitation costs as a BMIR loan and 50 percent as a DPL. A DPL is a non-interest bearing loan secured by a deed of trust with no payback required until the owner investor sells or otherwise transfers title to the rehabilitated property, unless sold or transferred to a targeted income group household (See IV.A.2.). Payments may be made voluntarily on a DPL.
- c. DPL for a TIG owner investor who agrees to comply with standard investor restrictions (i.e., Maintenance Agreement for minimum five years and recorded Rent Limitation Agreement for life of the loan), as outlined below. Same terms as described in #2.b. above.

3. Restrictions

a. Rent Limitation Agreement (RLA)

An owner investor who elects to rehabilitate a rental unit with CDBG financing must sign an RLA, which will be recorded. This agreement will specify:

- 1) In no instance shall rents exceed the U.S. Department of Housing and Urban Development (HUD) Fair Market Rent (FMR) schedule while the RLA is in effect.
- 2) Base Rent -- Vacant Unit
If the house is vacant, rent charges shall not exceed 30 percent of 80 percent city median income for the appropriate household size in that unit. Owner investor shall affirmatively seek TIG households by contacting the local housing authority. Where such contact does not result in eligible TIG tenants, the owner investor shall contact the city for guidance.

- 3) Base Rent -- Occupied Unit
If the house is occupied, rent charges shall not exceed 30 percent of the existing tenants' household income; or, where, before rehabilitation, rents already exceed 30 percent of the existing tenants' income, no rent increases shall be allowed which provide for rents plus utilities over 30 percent of the tenants' income.
- 4) Terms
 - a) If financing is the combined BMIR/DPL, adherence to these rent limitations will be for five years from the date of Notice of Completion of construction.
 - b) If financing is a DPL), adherence to these rent limitations will be for the term of the loan.
- 5) Compliance -- Failure to comply with these terms and conditions will result in the loan becoming due and payable. If necessary, foreclosure proceedings will be instituted.

b. Maintenance Agreement

As specified in the Rehabilitation Loan Agreement, an owner investor who participates in the program must maintain the property at post-rehabilitation conditions for a minimum of five years. Should the property not be maintained accordingly, the loan will become due and payable, and if necessary, foreclosure proceedings will be instituted.

IV. RESIDENCY REQUIREMENTS

A. Owner Occupant

1. Owner occupants will be required to submit to the city between January 1 and 15 of each year for the term of the loan:
 - a. Proof of occupancy in the form of a copy of a current utility bill.
 - b. Statement of unit's continued use as a residence.
 - c. Declaration that other title holders do not reside on the premises.

2. In the event that an owner occupant sells, transfers title, or discontinues residence in the rehabilitated or purchased property for any reason, the loan is due and payable.
 - a. If the owner occupant sells or otherwise transfers title of the property to a targeted income group household, the city will consider subordinating the loan and continuing all or part of the lien as a DPL.
 - b. If the owner occupant dies, and if the heir to the property lives in the house and is income eligible, the heir may be permitted, upon approval of the City of [XXX], to assume the loan at the rate and terms the heir qualifies for under current participation guidelines.
 - c. If the owner occupant dies and the heir is not income eligible, the loan is due and payable.
 - d. If the owner occupant dies and the heir is not income eligible, but he or she chooses to rent the unit to TIG households and agrees to comply with owner investor restrictions, the heir may be permitted, upon approval of the City of [XXX], to assume the loan at the same rate and terms offered owner investors under current program guidelines. If the heir/owner investor does not comply with owner investor restrictions, the loan is due and payable.
3. If an owner occupant wants to convert the rehabilitated property to a rental unit, the owner must notify the city in advance. If the city approves the conversion of an owner occupied unit to a rental, the owner will be required to comply with the provisions of the owner investor guidelines, including rent limitation provisions and financing arrangements.
4. If an owner wants to convert the rehabilitated property to any commercial or non-residential use, the loan is due and payable.

B. Owner Investor

1. If an owner investor sells or transfers title of the rehabilitated property for any reason, the loan is due and payable.
2. An owner investor may convert a rental property to his or her personal residence if all conditions below exist:
 - a. He or she can prove that the previous tenant was not evicted without cause.

- b. He or she is income eligible.
- c. He or she requests approval from the city.
- 3. If an owner investor converts a rental property, rehabilitated with CDBG funds, to his or her personal residence, but he or she is not income eligible, the loan is due and payable.
- 4. If an owner wants to convert the rehabilitated property to any commercial or non-residential use, the loan is due and payable.

V. DEFAULT AND FORECLOSURE

If an owner defaults on a loan, and foreclosure procedures are instituted, they shall be carried out according to the CDBG Foreclosure Policy adopted by the city, and attached to these guidelines.

VI. INSURANCE

A. Fire Insurance

The applicant shall maintain fire insurance on the property for the duration of the loan(s). This insurance must be an amount adequate to cover all encumbrances on the property. The insurer must identify the city as Loss Payee for the amount of the loan(s). A binder shall be provided to the city.

In the event the applicant fails to make the fire insurance premium payments in a timely fashion, the City of [XXX] at its option, may make such payments for a period not to exceed 60 days. The city may, in its discretion and upon the showing of special circumstances, make such premium payments for a longer period of time. Should the City of [XXX] make any payments, it may, in its sole discretion, add such payments to the principal amount that the applicant is obligated to repay the city under this program.

B. Flood Insurance

In areas designated by HUD as flood prone, the owner is required to maintain flood insurance in an amount adequate to secure the Rehabilitation Loan. This policy must designate the city as Loss Payee. The premium may be paid by the Rehabilitation Loan for one year.

VII. LOAN OR GRANT APPROVAL

All loans and grants must be approved by the CDBG Loan Review Committee. In order to obtain CDBG financing, applicants must meet all property and eligibility guidelines in

effect at the time of loan approval. Applicants will be provided written notification of approval or denial. Reason for denial will be provided to the applicant in writing.

VIII. REPAIR CALLBACKS

In the event that a contractor must be called back to make corrections on rehabilitation work items that are not covered by the one year warranty, the City has the option to cover the costs through the current CDBG construction budget.

IX. PROGRAM COMPLAINT AND APPEAL PROCEDURE

Complaints concerning the CDBG Program should be made to the Project Contractor first. If unresolved in this manner, the complaint or appeal shall be made in writing and filed with the city. The city will then schedule a meeting with the CDBG Loan Review Committee. Their written response will be made within fifteen (15) working days. If the applicant is not satisfied with the committee's decision, a request for an appeal may be filed with the city council. Final appeal may be filed in writing with HCD within one year after denial or the filing of the Project Notice of Completion.

X. GRIEVANCES BETWEEN PARTICIPANTS AND CONSTRUCTION CONTRACTOR

Contracts signed by the contractor and the participant include the following clause, which provides a procedure for resolution of grievances:

Any controversy arising out of or relating to this Contract, or the breach thereof, shall be submitted to binding arbitration in accordance with the provisions of the California Arbitration Law, Code of Civil Procedure 1280 et seq., and the Rules of the American Arbitration Association. The arbitrator shall have the final authority to order work performed, to order the payment from one party to another, and to order whom shall bear the costs of arbitration. Costs to initiate arbitration shall be paid by the party seeking arbitration. Notwithstanding, the party prevailing in any arbitration proceeding shall be entitled to recover from the other all attorney's fees and costs of arbitration.

XI. AMENDMENTS

Amendments to these guidelines may be made by the city and submitted to HCD for approval.

XII. EXCEPTIONS

Exceptions to these guidelines will require city council and HCD approval.

XIII. ATTACHMENTS

The following documents are attached and form a part of these guidelines:

Annual Household Income Definition/Income Limits
Residential Antidisplacement and Relocation Assistance Plan
CDBG Foreclosure Policy

ANNUAL HOUSEHOLD INCOME DEFINITION

For the purposes of determining eligibility in accordance with HCD income guidelines, Annual Income will include, for all members of the household:

- 1) Gross wages and salary before deductions.
- 2) Net money income from self -employment.
- 3) Cash income received from such sources as rental units, Social Security benefits, pensions, and periodic income from insurance policy annuities.
- 4) Periodic cash benefits from public assistance and other compensation, including AFDC, SSI, Worker's Compensation, State Disability Insurance and Unemployment benefits.
- 5) Interest earned on savings and investments.

Annual Income will **not** include:

- 1) Noncash income such as food stamps or vouchers received for the purpose of food or housing.
- 2) Capital gains or losses.
- 3) One time unearned income such as scholarship and fellowship grants; accident, health or casualty insurance proceeds; prizes or gifts; inheritances.
- 4) Payments designated specifically for medical or other costs, foster children or their nondisposable income.
- 5) Income from employment of children under the age of 18.
- 6) Payment for the care of foster children.

This is not meant to be a complete list. Grantee will make the final decision in situations where the classification of income is not clear cut. Any exceptions or other deviations from this definition of annual income will be considered by Grantee.

INCOME LIMITS

RELOCATION ASSISTANCE PLAN

The City of [XXX] will provide relocation assistance to displaced Targeted Income Group households and/or replace all occupied and vacant occupiable Targeted Income Group dwelling units, which are rehabilitated, reconstructed, demolished, or converted to a use other than Targeted Income Group housing as a direct result of activities assisted with funds provided under the Housing and Community Development Act of 1974, as amended, as described in the Federal Register, 24 CFR 570.496(a), Relocation, Displacement and Acquisition: Final Rule, dated July 18, 1990 (Section 104(d)) and 49 CFR Part 24, Uniform Relocation Assistance and Real Property Acquisition Regulations Final Rule and Notice, (URA) dated March 2, 1989.

This project will be implemented in ways consistent with the city's commitment to Fair Housing. Participants will not be discriminated against on the basis of race, color, religion, age, ancestry, national origin, sex, familial status, or handicap. The city will provide equal relocation assistance available 1) to each Targeted Income Group household displaced by the demolition or rehabilitation of housing or by the conversion of a Targeted Income Group dwelling to another use as a direct result of assisted activities; and 2) to each separate class of Targeted Income Group persons temporarily relocated as a direct result of CDBG assisted activities.

A. Temporary Relocation during Housing Rehabilitation or Reconstruction

Consistent with the goals and objectives of activities assisted under the Act, the city will take the following steps to minimize the displacement of persons from their homes during housing rehabilitation or reconstruction funded by the State of California's Community Development Block Grant (CDBG) program:

1. Stage rehabilitation of assisted housing to allow owner occupants and/or tenants to remain during rehabilitation.
2. Encourage temporarily displaced owner occupants to move in with family or friends during the course of rehabilitation, since they are voluntarily participating and not entitled to relocation benefits, unless health and safety threats exist, as explained below.
3. Encourage owner investors to relocate tenants to available vacant units during the course of rehabilitation or pay expenses on behalf of replaced tenants.
4. Require owner investors who participate in assisted rehabilitation to agree to continue to rent to Targeted Income Group tenants and agree to rent limitations, for a period of at least five years.
5. Provide counseling and referral services to assist displaced persons to find alternate housing in the neighborhood.
6. Work with area landlords, real estate brokers, and/or hotel/motel managements to

CDBGMM.9/99

locate vacancies for households facing displacement.

7. When necessary, use public funds, such as CDBG funds, to pay moving costs and provide relocation payments to households displaced by assisted activities.

B. Temporary Relocation of Residential Tenants.

If continued occupancy during rehabilitation is judged to constitute a substantial danger to health and safety of the tenant or the public, or is otherwise undesirable because of the nature of the project, the tenant may be required to relocate temporarily. Determination of the need for temporary relocation will be made by the program administrator or construction supervisor. The relocation period will not exceed 90 days. All conditions of temporary relocation will be reasonable. Any tenant required to relocate temporarily will be helped to find another place to live which is safe, sanitary and of comparable value. He or she may move in with family and friends and still receive full or partial temporary assistance. A tenant receiving temporary relocation shall receive the following:

1. Increased housing costs (e.g. rent increase, security deposits) and
2. Payment for moving and related expenses, as follows:
 - a. Transportation of the displaced persons and personal property within 50 miles, unless the grantee determines that farther relocation is justified;
 - b. Packing, crating, unpacking, and uncrating of personal property;
 - c. Storage of personal property, not to exceed 12 months, unless the grantee determines that a longer period is necessary;
 - d. Disconnection, dismantling, removing, reassembling, and reinstalling relocated household appliances and other personal property;
 - e. Insurance for the replacement value of personal property in connection with the move and necessary storage;
 - f. The replacement value of property lost, stolen or damaged in the process of moving (not through the fault of the displaced person, his or her agent, or employee) where insurance covering such loss, theft or damage is not reasonably available.
 - g. Reasonable and necessary costs of security deposits required to rent the replacement dwelling;
 - h. Any costs of credit checks required to rent the replacement dwelling;

- i. Other moving related expenses as the grantee determines to be reasonable and necessary, except the following ineligible expenses:
 - 1) Interest on a loan to cover moving expenses; or
 - 2) Personal injury; or
 - 3) Any legal fee or other cost for preparing a claim for a relocation payment or for representing the claimant before the Grantee; or
 - 4) Costs for storage of personal property on real property already owned or leased by the displaced person before the initiation of negotiations.

C. Temporary Relocation of Owner Occupied.

Since all rehabilitation work for owner occupants is voluntary, an owner occupant may only be eligible for temporary relocation benefits when his or her residential unit is approved for reconstruction or during rehabilitation that would endanger the health and safety of occupants if they remained in the house during rehabilitation. Determination of the need for temporary relocation will be made by the program administrator or construction supervisor. Allowable temporary relocation expenses are the same as those listed above for tenants.

D. Displacement Activities Requiring Long-term Relocation Assistance

Persons displaced by projects assisted in whole or in part with funds provided under the Housing and Community Development Act of 1974, as amended, are eligible for permanent relocation assistance and benefits under either section 104(d) or URA, depending on which relocation assistance regulations are applicable. Persons within the Targeted Income Group are eligible to receive assistance and benefits under section 104(d) and have the option of choosing benefits under URA. Persons who are outside the Targeted Income Group may receive assistance and benefits only under URA. There is no income or need criteria. However, the city's CDBG funded residential rehabilitation program is targeted to low- and very low-income households only and temporary relocation will be needed.

All replacement housing will be provided within three years of the commencement of the demolition or conversion. Before obligating or expending funds that will directly result in such demolition or conversion, the city will make public and submit to the California Department of Housing and Community Development the following information in writing:

1. A description of the proposed assisted activity;
2. The location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than Targeted

Income Group dwelling units as a direct result of the assisted activity;

3. A time schedule for the commencement and completion of the demolition or conversion;
4. The location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units. If such data are not available at the time of the general submission, the city will identify the general location on an area map and the approximate number of dwelling units by size and provide information identifying the specific location and number of dwelling units by size as soon as it is available;
5. The source of funding and a time schedule for the provision of replacement dwelling units;
6. The basis for concluding that each replacement dwelling unit will remain a Targeted Income Group dwelling unit for at least 10 years from the date of initial occupancy; and
7. Information demonstrating that any proposed replacement of dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units) is consistent with the housing needs of Targeted Income Group households in the city.

The City of [XXX] is responsible for tracking the replacement of housing and ensuring that it is provided within the required period. The city is responsible for ensuring requirements are met for notification and provision of relocation assistance, as described in §570.496, to any Targeted Income Group displaced by the demolition of any dwelling unit or the conversion of a targeted income group dwelling unit to another use in connection with an assisted activity.

E. Recordkeeping

The city will maintain records of occupants of federally funded rehabilitated, reconstructed or demolished property from the start to completion of the project to demonstrate compliance with section 104(d), URA and applicable program regulations. Appropriate advisory services will include reasonable advance written notice of (a) the date and approximate duration of the temporary relocation; (b) the address of the suitable, decent, safe, and sanitary dwelling to be made available for the temporary period; (c) the terms and conditions under which the tenant may lease and occupy a suitable, decent, safe and sanitary dwelling. Notices shall be written in plain, understandable language. Persons who are unable to read and understand the notice (e.g., illiterate, foreign language, or impaired vision or other disability) will be provided with appropriate translation/communication. Each notice will indicate the name and telephone number of

a person who may be contacted for answers to questions or other needed help. The

Advisory Notices to be provided are as follows:

1. General Information Notice: As soon as feasible when an owner investor is applying for federal financing for rehabilitation, reconstruction, or demolition, the tenant of a housing unit will be mailed or hand delivered a General Information Notice that the project has been proposed and that the tenant will be able to occupy his or her present house (or another owned by the owner investor) upon completion of rehabilitation. The tenant will be informed that rent after rehabilitation will not exceed current rent or 30 percent of his or her average monthly gross household income. The tenant will be informed that if he or she is required to move temporarily so that rehabilitation can be completed, suitable housing will be made available and he or she will be reimbursed for all reasonable extra expenses. The tenant will be cautioned that he or she will not be provided relocation assistance if he or she decides to move for personal reasons.
2. Notice at Time of "Initiation of Negotiations": As soon as feasible when the rehabilitation application has been approved, the tenant of a housing unit scheduled for rehabilitation, reconstruction, or demolition will be informed of the Initiation of Negotiations and again informed of the above reasonable terms and conditions under which the person may lease and occupy the property upon completion of the project. The tenant will also again be cautioned not to move for personal reasons during rehabilitation, or risk losing relocation assistance.
3. Notice for Persons to be Displaced: After a comparable replacement dwelling has been made available, the tenant will be given a 90 day advance written notice of the earliest date he or she may be required to move. If the tenant's continued occupancy of the property would constitute a substantial danger to health or safety, less than 90 days' advance notice may be provided. Justification of such an urgent need will be documented in the participant's job file. Another instance where the 90-day notice is not required is if the tenant makes an informed decision to relocate and vacates the property without prior notice.

CDBG FORECLOSURE POLICY

City As Junior Lienholder

It is the City's policy to prepare and record a "Request for Notice" on all junior liens (any lien after the first position) placed on properties financed by a loan or loans through CDBG program(s).

This document requires any senior lienholder to notify the lender (City) of initiation (recordation of a "Notice of Default") of a foreclosure only. This is to alert the junior lienholder that they are to monitor the foreclosure with the senior lienholder. When the City is in a third position and receives notification of foreclosure from only one senior lienholder, it would be in their best interest to contact both senior lienholders regarding the status of their loans.

The junior lienholder may cancel the foreclosure proceedings by "reinstating" the senior lienholder. The reinstatement amount must be obtained by contacting the senior lienholder. This amount will include all delinquent payments, late charges, advances (fire insurance premiums, property taxes, property protection costs, etc.), and foreclosure costs (fees for legal counsel, recordings, certified mail, etc.)

Once the City has the information on the reinstatement amount, staff must then determine if it is cost effective to protect their position by reinstating the senior lienholder, keeping them current by submitting a monthly payment thereafter, foreclosing on the property possibly resulting in owning the property at the end of foreclosure, protecting the property against vandalism, and paying marketing costs (readying the home for marketing, paying for yard maintenance, paying a real estate broker a sales commission).

If the City decides to reinstate, the senior lienholder will accept the amount to reinstate the loan up until five (5) days prior to the set "foreclosure sale date." This "foreclosure sale date" usually occurs about four (4) to six (6) months from the date of recording of the "Notice of Default." If the City fails to reinstate the senior lienholder before five (5) days prior to the foreclosure sale date, the senior lienholder would then require a full pay off of the balance, plus costs, to cancel foreclosure. If the City determines the reinstatement and maintenance of the property not to be cost effective and allows the senior lienholder to complete foreclosure, the City's lien may be eliminated due to insufficient sales proceeds.

City As Senior Lienholder

When the City is in a first position, or the senior lienholder, active collection efforts will begin on any loan that is 31 or more days in arrears. Attempts will be made to assist the homeowner in bringing and keeping the loan current. These attempts will be conveyed in an increasingly urgent manner until loan payments have reached 90 days in arrears, at which time the City may consider foreclosure. City staff will consider the following factors before initiating foreclosure:

- Can the loan be cured (brought current or paid off) by the owner without foreclosure?
- Can the owner refinance with a commercial lender and pay off the City?
- Can the owner sell the property and pay off the City?
- Does the balance warrant foreclosure? (If the balance is under \$5,000, the expense to foreclose may not be worth pursuing.)
- Will the sales price of home "as is" cover the principal balance owing, necessary advances, (maintain fire insurance, maintain or bring current delinquent property taxes, monthly yard maintenance, periodic inspections of property to prevent vandalism, etc.) foreclosure, and marketing costs?

If the balance is substantial and all of the above factors have been considered, the City may opt to initiate foreclosure. The owner must receive, by certified mail, a thirty -day notification of foreclosure initiation. This notification must include the exact amount of funds to be remitted to the City to prevent foreclosure (such as, funds to bring a delinquent BMIR current or pay off a DPL).

At the end of thirty days, the City should contact a reputable foreclosure service or local title company to prepare and record foreclosure documents and make all necessary notifications to the owner and junior lienholders. The service will advise the City of all required documentation to initiate foreclosure (Note and Deed of Trust usually) and funds required from the owner to cancel foreclosure proceedings. The service will keep the City informed of the progress of the foreclosure proceedings.

When the process is completed, and the property has "reverted to the beneficiary" at the foreclosure sale, the City would then contact a real estate broker to market the home.

Comments:

DEFINITION OF HOUSING CONDITIONS

SOUND-a unit that appears new or well maintained and structurally intact. The foundation should appear structurally undamaged and there should be straight roof lines. Siding, windows, and doors should be in good repair with good exterior paint condition. Minor problems such as small areas of peeling paint and/or other maintenance items are allowable under this category.

MINOR- a unit that show signs of deferred maintenance, or which needs only one major component such as a roof.

MODERATE-a unit in need of replacement of one or more major components and other repairs, such as roof replacement, painting, and window repairs.

SUBSTANTIAL-a unit that requires replacement of several major systems and possibly other repairs(e.g. complete foundation work, roof structure replacement and re-roofing, as well as painting and window replacement.)

DILAPIDATED-a unit suffering from excessive neglect, where the building appears structurally unsound and maintenance is none-existent, not fit for human habitation in its current condition, may be considered for demolition or at minimum, major rehabilitation will be required.

ELECTRICAL INSPECTION PROCEDURE

1. Number of service entrance conductor sets (two wire -120volts, three wire 120/240 volts, (four wire is three phase service and is not common in residences.)
2. Determine panel box conditions -missing knockouts, melted insulation, overheated fuses, missing connectors/bushings, rust, obstructed access, overloaded panel, no main service disconnect.
3. Inadequate /antiquated service -under 100 amps.

ROOF INSPECTION PROCEDURE

1. Observe roof from ground and look for any unusual conditions:
 - a. unevenness in roof line
 - b. signs of leaks in eaves, soffits, facias, abnormal condensation.
 - c. dryrot in facias, rafters or rafter tails
 - d. flashings and roof drainage systems in good shape
 - e. shingles missing or curled
 - f. number of layers of roofing
2. On flat roofs check bubbles, blisters, cracks, spongy areas, and ponding water conditions,
